

2. Martha had a problem about this. (Luke 10: 40)

(a) What was her problem? \_\_\_\_\_

(b) Who did she accuse for not caring about her problem? \_\_\_\_\_

Ignoring Martha's criticism of Him, Jesus said, Martha, Martha, thou art careful and troubled (anxious and agitated) about many things:

But one thing is needful: and Mary hath chosen that good part, which shall not be taken away from her.

A simple meal would have been equal to the need, and your sister, Mary, has chosen the good part, by evaluating My words greater than the material things of which you are so concerned. He refused to take away that "*good part*" from Mary which sat at His feet and heard His words.
